

## Unlike with insurance,

1Dental members can go to the dentist as often as they need, without limits, waiting periods, or exclusions.

### How does this work?

1Dental plans are membership clubs with exclusive savings. You join for a low membership fee and save big at every dental visit.

### Which dentists can I see?

Tens of thousands of dentists nationwide have agreed to lower rates for members. They save money on advertising to get new patients for their practice, and you save money at the dentist. Everyone wins!

### Here's how dental savings plans put you in control:

- Use as often as you need (no limits)
- Start saving on all kinds of dental work right away
- Membership everyone can afford
